

www.stonepark.ca

Stonepark Screw-On System is designed to minimize installation time by using pre-embedded clips. The pre-embedded clips give superior strength to our stones. All our materials are sourced locally in Canada, and manufactured specifically for Canadian climate, thus ensuring our products are all made with exceptional quality. Both styles are versatile giving you both modern or contemporary look with an excellent selection of colors to choose from.

- DIY friendly
- Stonepark Screw-On offers seamless installation
- No mortar/cement needed
- Allows you to work on your project in every season in a timely manner.
- Proudly made in Canada
- Fully tested ASTM and CSA
